

THE NEW STIMULUS PACKAGE PROVIDES FINANCIAL SUPPORT FOR SMALL BUSINESSES

OVERVIEW

A second round of the Paycheck Protection Program (PPP) will be administered by the Small Business Administration's (SBA) network of lenders.

PPP Details

Who can apply: Businesses with fewer than 300 employees and have suffered revenue declines of more than 25 percent in any given quarter this year compared to last year.

If you already have a PPP loan: You can apply for a "second draw" through your lender if you can show a 25 percent reduction in gross receipts in the first three quarters of 2020 relative to the same 2019 quarters.

Available loan amount: Loans can be for 2.5 months (up to 3.5 for restaurants and accommodation businesses) of average monthly payroll costs plus an additional 25% of that amount up to a maximum of \$2M. Choose an 8 or 24-week forgiveness period.

Loan forgiveness: Use these costs: payroll, payroll-related expenses (including benefits) and all rent and mortgage interest, operation expenses, property damage costs not covered by insurance, supplier costs, and investment in personal protective equipment.

Deduct your PPP forgiveness expenses: Any expenses you use to apply for forgiveness are now tax deductible - consult your tax advisor.

The Stimulus Act, signed on December 27, 2020, was designed in part to provide additional financial resources to small business owners seeking support due to the ongoing COVID-19 pandemic.

The PPP provision of the new Stimulus Act makes \$285B of funding available through the Small Business Administration (SBA).

The loans will be forgiven if certain conditions are met. And, eligible small businesses will be able to deduct expenses paid for by PPP funds.
